

Remarks:

Applicants thank Examiner Chung again for her careful and patient examination of this application and the clear explanation of the claim rejections; and for allowing claims 2-13 and 16-17. Responding to the Office Action of June 2, 2008, applicants cancel claims 26 through 34 from this examination so the remaining claims 2 through 13, 16, and 17 will issue.

Respectfully submitted,
